

NEW TROLLEY RANGE

6 WHEEL STOCK PLATFORM TROLLEYS

Richmond's range of 6 wheel stock platform trolleys are perfect for transporting stock around a busy store, produce market, factory or warehouse. These galvanised platform trolleys feature an innovative 6 wheel rocking design that keeps the centre wheel grounded at all times allowing for full 360° movement around tight spaces.

Each trolley is made from tough, galvanised steel and is fitted with 200mm rigid (fixed centre) castors and 125mm swivel outer castors. This range has a load capacity of up to 500kg and includes many versatile options including single or twin platform trolleys with single or double handles.

Single Handle - Narrow (460mm Width)

Single Handle - Wide (565mm Width)

Twin Handle - Narrow (465mm Width)

Twin Handle - Wide (565mm Width)

200mm Centre Wheels

Rubber Tyred Nylon Centred wheels stay on the ground at all times during transport.

125mm Outer Wheels

When tilting the trolley shifts onto the outer shock-absorbing Rebound Rubber wheels.

Model Number	Finish	No. of Handles	Platform Size (mm)	Handle Height (mm)	Outer Wheels (x4)	Centre Wheels (x2)	Load Capacity (kg)
PGR100	Galvanised Steel	1	990(L) x 460(W)	950	125mm Rebound Rubber	200mm Rubber Tyred Nylon Centred	450
PGR101	Galvanised Steel	1	(2x) 990(L) x 460(W)	950	125mm Rebound Rubber	200mm Rubber Tyred Nylon Centred	450
PGR200	Galvanised Steel	1	1140(L) x 565(W)	950	125mm Rebound Rubber	200mm Rubber Tyred Nylon Centred	450
PGR201	Galvanised Steel	1	(2x) 1140(L) x 565(W)	950	125mm Rebound Rubber	200mm Rubber Tyred Nylon Centred	450
PGR400	Galvanised Steel	2	1140(L) x 460(W)	950	125mm Rebound Rubber	200mm Rubber Tyred Nylon Centred	500
PGR401	Galvanised Steel	2	(2x) 1140(L) x 460(W)	950	125mm Rebound Rubber	200mm Rubber Tyred Nylon Centred	500
